| 5. University of Southern California     | 10.                           | 15. |

*You **may not** change rankings by writing on this form. Rankings may only be submitted online, through the Manage page*

As part of the QuestBridge National College Match program, the Match is a binding application process done in lieu of other Early Decision, Single-Choice Early Action, and Multi-Choice Early Action applications. The Match is appropriate for students who are sure that at least one of the QuestBridge college partners is a first choice for them. Guidelines for the Match are as follows:

- National College Match applicants may rank up to 15 colleges in order of their preference. Any changes to the order of rankings must be submitted online through the Final Match Rankings Form on the Manage page by **November 1, 2022**, at 11:59 p.m. Pacific Time. By ranking colleges, students are stating that they want to be considered for admission at the colleges they have ranked, and that they will definitely enroll if "matched" with any one of those colleges.\*
- National College Match applicants who rank colleges for the Match may submit Regular Decision applications at other colleges, but only with the understanding that these applications will be withdrawn and no new applications will be initiated if they are matched with one of the QuestBridge college partners.\* It is a violation of the policies of this process to submit an Early Decision, Single-Choice Early Action, or Multi-Choice Early Action application elsewhere.\*\*
- Should a Finalist violate the binding provision of this program, the college has the right to withdraw their offers of admission and financial aid from the candidate. The college and QuestBridge may also inform other schools of the violation.
- The Match Agreement Form – Final Rankings must be signed by the applicant, the applicant's parent or guardian, and the applicant's high school counselor in order to affirm that they fully understand the provisions of the Match agreement. The deadline for uploading this document via the Manage page is **November 1, 2022**, at 11:59 p.m. Pacific Time.

I am a candidate for the National College Match and agree to abide by the rules described above. My rankings for the Match are correctly represented on this page and in the "Rankings" section of my Manage page. I have not submitted any other Early Decision or Early Action applications. If matched with any one of QuestBridge's college partners, I will enroll at that college and will immediately withdraw all applications from other colleges.\*

\*MIT is the only non-binding college partner. You will not have to withdraw other applications if matched with this school. You are not required to attend if matched.

\*\*Even if you only rank the non-binding school listed above, it is still a violation of the policies of this process to submit an Early Decision, Single-Choice Early Action, or Multi-Choice Early Action application elsewhere. Please visit our [Early Application Policy page](#) for more information and exceptions.
